Three Match Creations’ Collaborative space, the Co-Lab, is an open studio space located in central Massachusetts. The Co-Lab provides a space to create while also acting as a community center for connecting, learning unique life skills, and enriching life by educating through creativity. The Co-Lab participates in running art walks, festivals, markets, workshops, initiatives, and provides resources for artists to grow an even stronger community. The Co-Lab was created with the idea to empower our Visionaries to grow, experiment, and produce creatively in a community setting. Since the development of the Co-Lab space, it has grown to encompass a large variety of Visionaries and now operates in a capacity to not only grow and empower artists, but also provide a creative and professional space.

FEATURE US, LEARN WITH US, OR WORK WITH OUR VISIONARIES

Want to be a part of our community?

Attend one of our educational workshops.
Shop our thoughtfully created crafts.
Visit the Matchstick Market.
Become a Visionary.
